**Step 1** – Start by applying 2-3 coats of Polar Bear to the entire platter. Once it's dry to the touch, trace your pattern.

**Step 2** – Next, use 2 coats of Lime Ricky for the stems, and 2 coats of Key Lime Pie for the leaves. Then shade the edges of the leaves with Lime Ricky.

**Step 3** – Now, use Fun Writers filled with the remaining pink colors and fill in each of the heart flowers randomly. Then decorate!

**Step 4** – Use Peachy Keen and Sammy Salmon to add dots coming up from the bottom, between the leaves and stems.

**Step 5** – Once everything is dry, dip it into **some Clear Glaze and fire to cone 06!**
